INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees of
Salem State University
Salem, Massachusetts

Report on Compliance for Each Major Federal Program
We have audited Salem State University’s (the "University") compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the University’s major federal programs for the year ended June 30, 2021. The University’s major federal programs are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility
Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors’ Responsibility
Our responsibility is to express an opinion on compliance for each of the University’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the “Uniform Guidance”). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.
We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University’s compliance.

Opinion on Each Major Federal Program

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as Finding 2021-001. Our opinion on each major federal program is not modified with respect to this matter.

The University’s responses to the noncompliance finding identified in our audit are described in the accompanying schedule of findings and questioned costs. The University’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.
Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses or significant deficiencies. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as Finding 2021-001.

The University’s response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questions costs. The University’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Schedule of Expenditures of Federal Awards**

We have audited the financial statements of the University, as of and for the year ended June 30, 2021. We issued our report thereon dated October 8, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

(except for the Schedule of Expenditures of Federal Awards, for which the date is October 8, 2021)
INDEPENDENT AUDITORS’ REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of
Salem State University
Salem, Massachusetts

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Salem State University (the "University"), which comprise the statements of net position as of June 30, 2021 and 2020, the related statements of revenues, expenses and changes in net position, cash flows, the combining statements of net position of major component units, and combining statements of revenues and expenses of major component units for the year then ended, and the related notes to the financial statements, which collectively comprise Salem State University’s basic financial statements and have issued our report thereon dated October 8, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University’s internal control over financial reporting (“internal control”) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University’s internal control. Accordingly, we do not express an opinion on the effectiveness of the University’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be
material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters
As part of obtaining reasonable assurance about whether the University’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the University’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SALEM STATE UNIVERSITY
(an Agency of the Commonwealth of Massachusetts)

Notes to the Schedule of Expenditures of Federal Awards

Year Ended June 30, 2021

Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal award activity of Salem State University (the “University”) under programs of the Federal Government for the year ended June 30, 2021. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (“Uniform Guidance”). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net position or cash flows of the University.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance.

Note 3 - Indirect Cost Rate

The University has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4 - Federal Student Loan Programs

Perkins Loan Program
The Federal Perkins Loan Program (“Perkins”) is administered directly by the University and balances and transactions relating to this program are included in the University’s basic financial statements. During the year ended June 30, 2021, no loans were advanced under the Perkins program and no administrative costs were incurred. As of June 30, 2021, loan balances receivable, net under Perkins was $1,011,980.

There was no federal capital contribution or match by the University during the current year.

Nursing Student Loans
The Nursing Student Loan Program is administered by Salem State University. There were no loans disbursed during fiscal year 2021. As of June 30, 2020, the loan balances receivable for this program was $576,741.
Note 4 - Federal Student Loan Programs - Continued

Direct Student Loan Program
The University disbursed $35,512,419 of loans under the Federal Direct Student Loans program, which include Stafford Subsidized and Unsubsidized Loans and Parent Plus Loans. It is not practical to determine the balances of the loans outstanding to students of the University under the program as of June 30, 2021. The University is only responsible for the performance of certain administrative duties and, accordingly, these loans are not included in the University’s financial statements.

Section II – Financial Statement Findings:

None.
Section III – Federal Award Findings and Questioned Costs:

Finding number: 2021-001  
Federal agency: U.S. Department of Education  
Programs: Student Financial Assistance Cluster  
Assistance Listing Number: 84.268  
Award year: 2021

Criteria
According to 34 CFR 668.22(j)(1):

*Timeframe for the return of title IV funds.* An institution must return the amount of title IV funds for which it is responsible under paragraph (g) of this section as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew as defined in paragraph (l)(3) of this section.

According to 34 CFR 668.173(b):

*Timely return of Title IV, HEA program funds.* In accordance with procedures established by the Secretary or Federal Family Education Loan (“FFEL”) program lender, an institution returns unearned Title IV, HEA program funds timely if –

1. The institution deposits or transfers the funds into the bank account it maintains under 34 CFR Sections 668.163 no later than 45 days after the date it determines the student withdrew;

2. The institution initiates an electronic funds transfer no later than 45 days after the date it determines that the student withdrew;

3. The institution initiates an electronic transaction no later than 45 days after the date it determines that the student withdrew, that informs a FFEL lender to adjust the borrower’s loan account for the amount returned; or

4. The institution issues a check no later than 45 days after the date it determines that the student withdrew. An institution does not satisfy this requirement if –

   i. The institution’s records show that the check was issued more than 45 days after the date the institution determined the student withdrew; or
(ii) The date on the cancelled check shows that the bank used by the Secretary or FFEL Program lender endorsed that check more than 60 days after the date the institution determined that the student withdrew.

**Condition**
Federal regulations state that any unearned Title IV grant or loan assistance received by a student must be refunded to the Title IV programs upon a student’s withdrawal from the institution. The University has 45 days from the date they determined the student withdrew to return any unearned portions of Title IV funds. During our testing, we noted one student, out of a sample of twenty-five, had unearned Title IV aid that was not returned to the Federal Government, within 45 days of the determined withdrawal date. Our audit disclosed that the funds were not returned until 200 days after the 45-day disbursement timeframe.

**Cause**
The University did not consistently follow the procedures in place to monitor student withdrawals related to Title IV funds that must be returned to the Department of Education within 45 days due to a staff member mistakenly marked that the R2T4 calculation had been completed. This appears to be an isolated incident.

**Effect**
The University did not return unearned Title IV funds within the required 45-day time frame.

**Questioned Costs**
None

**Perspective**
Our sample was not, and was not intended to be, statistically valid. Of the twenty-five students selected for testing, one students, or 4% of our sample, had unearned Title IV funds that were not returned to the Department of Education within the 45-day required time frame.

**Identification as a Repeat Finding, if applicable**
Not applicable

**Recommendation**
The University should strengthen their controls surrounding the review Return of Title IV calculations in a timely manner.
Management’s Summary Schedule of Prior Audit Findings

Year Ended June 30, 2021

Finding number: 2020-001
Federal agency: U.S. Department of Education
Program: Federal Work-Study Program
Assistance Listing Number: 84.033
Award year: 2020

Condition
Federal regulations require an institution to monitor and ensure that a work-study student is not working during his/her designated class time. Out of a sample of seven students, we noted one student who worked during class time.

Current Year Status:
Corrective action was taken during the year.
Finding number: 2020-002
Federal agency: U.S. Department of Education
Program: Student Financial Assistance Cluster
Assistance Listing Number: 84.063
Award year: 2020

Condition
Federal regulations state that any unearned Title IV grant or loan assistance received by a student must be refunded to the Title IV programs upon a student’s withdrawal from the institution. The University has 45 days from the date they determined the student withdrew to return any unearned portions of Title IV funds. During our testing, we noted 2 students, out of a sample of 25, had unearned Title IV aid that was not returned to the Federal Government, within 45 days of the determined withdrawal date, by 130 days. The total amount to return was $4,681.

Current Year Status:
As noted in finding 2021-001, there was one student whose aid was not returned within the established timeframe.
