Salem State University Undergraduate Governance  
Academic Policy Proposal Form

Title:

School of Nursing Educational Mobility Policy

*(please give your request a brief descriptive title)*

**New policy**

Description of policy as it would appear in the catalog:

Students shall abide by the Salem State University policies related to educational mobility  
Salem State University Undergraduate Catalog, including but not limited to transfer policies; prior  
learning credit; advanced placement credit and credit by examination.

Please indicate where the new policy should appear in the undergraduate catalog:

Additional Requirements. Nursing majors are expected to carry their own health insurance, as well as liability insurance. Liability insurance is purchased through the University for approximately \$15.00 per year. During clinical courses, there are certain equipment items which students must purchase at an approximate cost of \$100, such as a stethoscope and blood pressure cuff. Majors in Nursing must be prepared to provide their own transportation to clinical agencies as of the second semester sophomore year in the undergraduate program. Uniforms are to be worn in the clinical area and are purchased through the Salem State University Bookstore prior to the second semester, sophomore year.

Throughout the program, ATI standardized tests are administered and count towards the course test grade. During the final semester students must take the ATI Comprehensive Predictor examinations as well as attend a four day intensive ATI review course in preparation for the NCLEX-RN examination for licensure. Please see additional details in the School of Nursing Student Handbook of Academic Policies. A Nursing Resource Center fee of \$100 is assessed for ten of the nursing courses for ATI testing materials and course related examinations.

INSERT: NEW HEADING *School of Nursing Undergraduate Academic Policies* followed by this statement:

*Policies for nursing students are congruent with those of the governing organization, publicly accessible, non-discriminatory, and consistently applied; differences are justified by the student learning outcomes and program outcomes. Both Salem State University and the School of Nursing policies are publicly accessible, non-discriminatory, and consistently applied.*
