Transfer Nursing Information Sessions

The university offers a variety of ways to visit the campus. The most valuable option is the open houses which offer students the opportunity to meet with staff, faculty and students. During the information session you will learn more about our LPN to BSN and RN to BSN programs.

Please be advised that the nursing information session should not replace the open houses or campus tours. These information sessions are being offered for prospective transfer students who have already visited the campus and have more detailed questions about the nursing program.

There are no sessions scheduled at this time.

Informational Interviews

Interviews are not required, but we welcome the opportunity to speak with you in person about entrance requirements, majors or any concerns you may have. Please bring a copy of your academic credentials to the interview. To schedule an appointment, please call 978.542.6200.
