Student Involvement and Activities enhances and unifies our diverse campus community by offering leadership development opportunities, social and educational programming to foster student growth. Through campus wide collaborations and the management of the Campus Center and programming spaces, we provide a variety of co-curricular activities that promote student engagement, self-awareness and citizenship.

Role of the University Union

“The union is the community center of the University, serving students, faculty, staff, alumni, and guests. By whatever form or name, a University union is an organization offering a variety of programs, activities, services, and facilities that, when taken together, represent a well-considered plan for the community life of the University.”

Association of University Unions - International, 1996

The Student Employee STAR Program

The Student Employees of the Student Involvement & Activities office are part of all operations and the management of the Ellison Campus Center. Through the STAR program employees learn more about themselves as an individual and also gain a paycheck. Every student employee participates in this program and gains valuable tools that will help them in their future careers. The STAR program focuses on creating an environment that helps to educate students outside of the classroom.

- Student employees will learn to provide quality **service** to all guests of the Campus Center
- Employees will learn how to work successfully on a **team** by respecting and appreciating one another.
- **Autonomy** is an important part of the Campus Center. Participants are encouraged to act independently, to risk trying something new or different, or to go beyond the rules in order to satisfy customers.

These procedures are designed to assist you in providing clear instructions to guide you and others in many situations. But remember, emergencies do not always go by "the book". regular and need to know basis. It is important for you to stay informed about event details (time, dates, any changes, transportation, etc.) because you are selling tickets for our office. If you are unsure, please make an effort to find out by calling the office extension (6506), or telling the student to go to room 218. Students can pay with cash or clipper cash using the PCS card readers.

Step 3: To access the Ticket logs, click on the ticket log Google sheet as seen above in the right hand corner. Once you click on it, it will look like this:

MAIN TRACKING S Metro Rock Frog Pond Copy of Sheet2

This is the first page you will see. The ‘Main Tracking’ page serves as a log for you to enter:

1. The date of your shifts
2. Your name
3. How much money is in the cash box at the start of your shift
4. How many Tickets are in the cash box at the start of your shift

5. How many Tickets you have sold. Please categorize by event ticket sold. For example, as you can see above, under the last line of the column 'Ticket sold' Fatoumata entered "2fp" to indicate that she sold 2 Frog Pond tickets.
6. Enter how many tickets you have left at the end of your shift, again categorizing by event ticket. For example "16mr /26fp" to indicate you have 16 Metro Rock tickets left, and 26 Frog Pond left.
7. Enter the total 'CASH ENDING' at the end of your shift. Please note that if a student pays with clipper cash, you should enter this in the 'CLIPPER CASH AMOUNT'. DO NOT COMBINE CASH and CLIPPER CASH into one total, because this will mess up the cash count in the cashbox.

Please remember to fill this form out completely during your shift, even if you do not sell any tickets!

***AS YOU CAN SEE AT THE BOTTOM OF THE SCREEN, YOU WILL SEE THERE ARE MULTIPLE TABS WITH LABELS. THESE INDICATE THE TICKET SALE LOGS FOR EACH EVENT WE ARE SELLING TICKETS FOR. (In the picture above it reads, Metro Rock, Frog Pond, etc.)**

Step 4: Each Event Ticket Tab serves for you to organize how many tickets you sell for each event. It is a great tracking system. Below you will see a screenshot of the Metro Rock Tab:

This is very similar to the 'Main Tracking' Page, but it specifically tracks each event's sales. Please log everything complete, and do not forget to log everything in. Do not forget

- Each ticket should have a ticket number (unless otherwise indicated), please log the number of the ticket. This is to ensure, there are no duplicates made.
- If transportation is provided, please ask student if they will take the bus with us. If yes, please take down their name and cell phone so we are able to reach them the day of the event.

*Each Event Tab will be altered to fit the information we need from students, so please read and fill everything out in each event tab. Below you will see the 'Frog Pond' Tab

MAIN TRACKING S Metro Rock Frog Pond Copy of Sheet2 +

As you can see the total amount here, only indicates the total amount from the number of frog pond tickets sold. When you add the total amount of money you start with + total from the ticket sales of Metro Rock + the total from ticket sales from Frog Pond =total ending amount for your shift (logged into the ‘Main Tracking Tab’). Again, Metro Rock and Frog Pond are only examples. We will have different event sales as the semester proceeds. The main point is to fill everything out completely so there are no discrepancies. If there are any questions, please contact Jamal Lawson at ctr_jlawson@salemstate.edu.
