

PAPER SHREDDERS

It is important to note that Fellows Brand Shredders are currently not available from Staples. When selecting the proper shredder for your needs please choose from the following list of brand names: STAPLES BRAND, HSM OF AMERICA and GBC SHREDMASTER.

Standard office shredding can often be handled by a medium duty office shredder. When selecting a suitable shredder for your needs please note the shredder "run time". Medium duty shredders are not designed for continuous operation and may fail due to overheating.

Staples brand shredders are priced to the University at the most advantageous cost and carry full warranties when operated within guidelines.
